

28+ Years Of Delivering #DigitalSuccess

The journey of impact, innovation, and integrity with a confluence of

- Technology
- Data & AI
- Cloud & Cybersecurity
- CX & Marketing

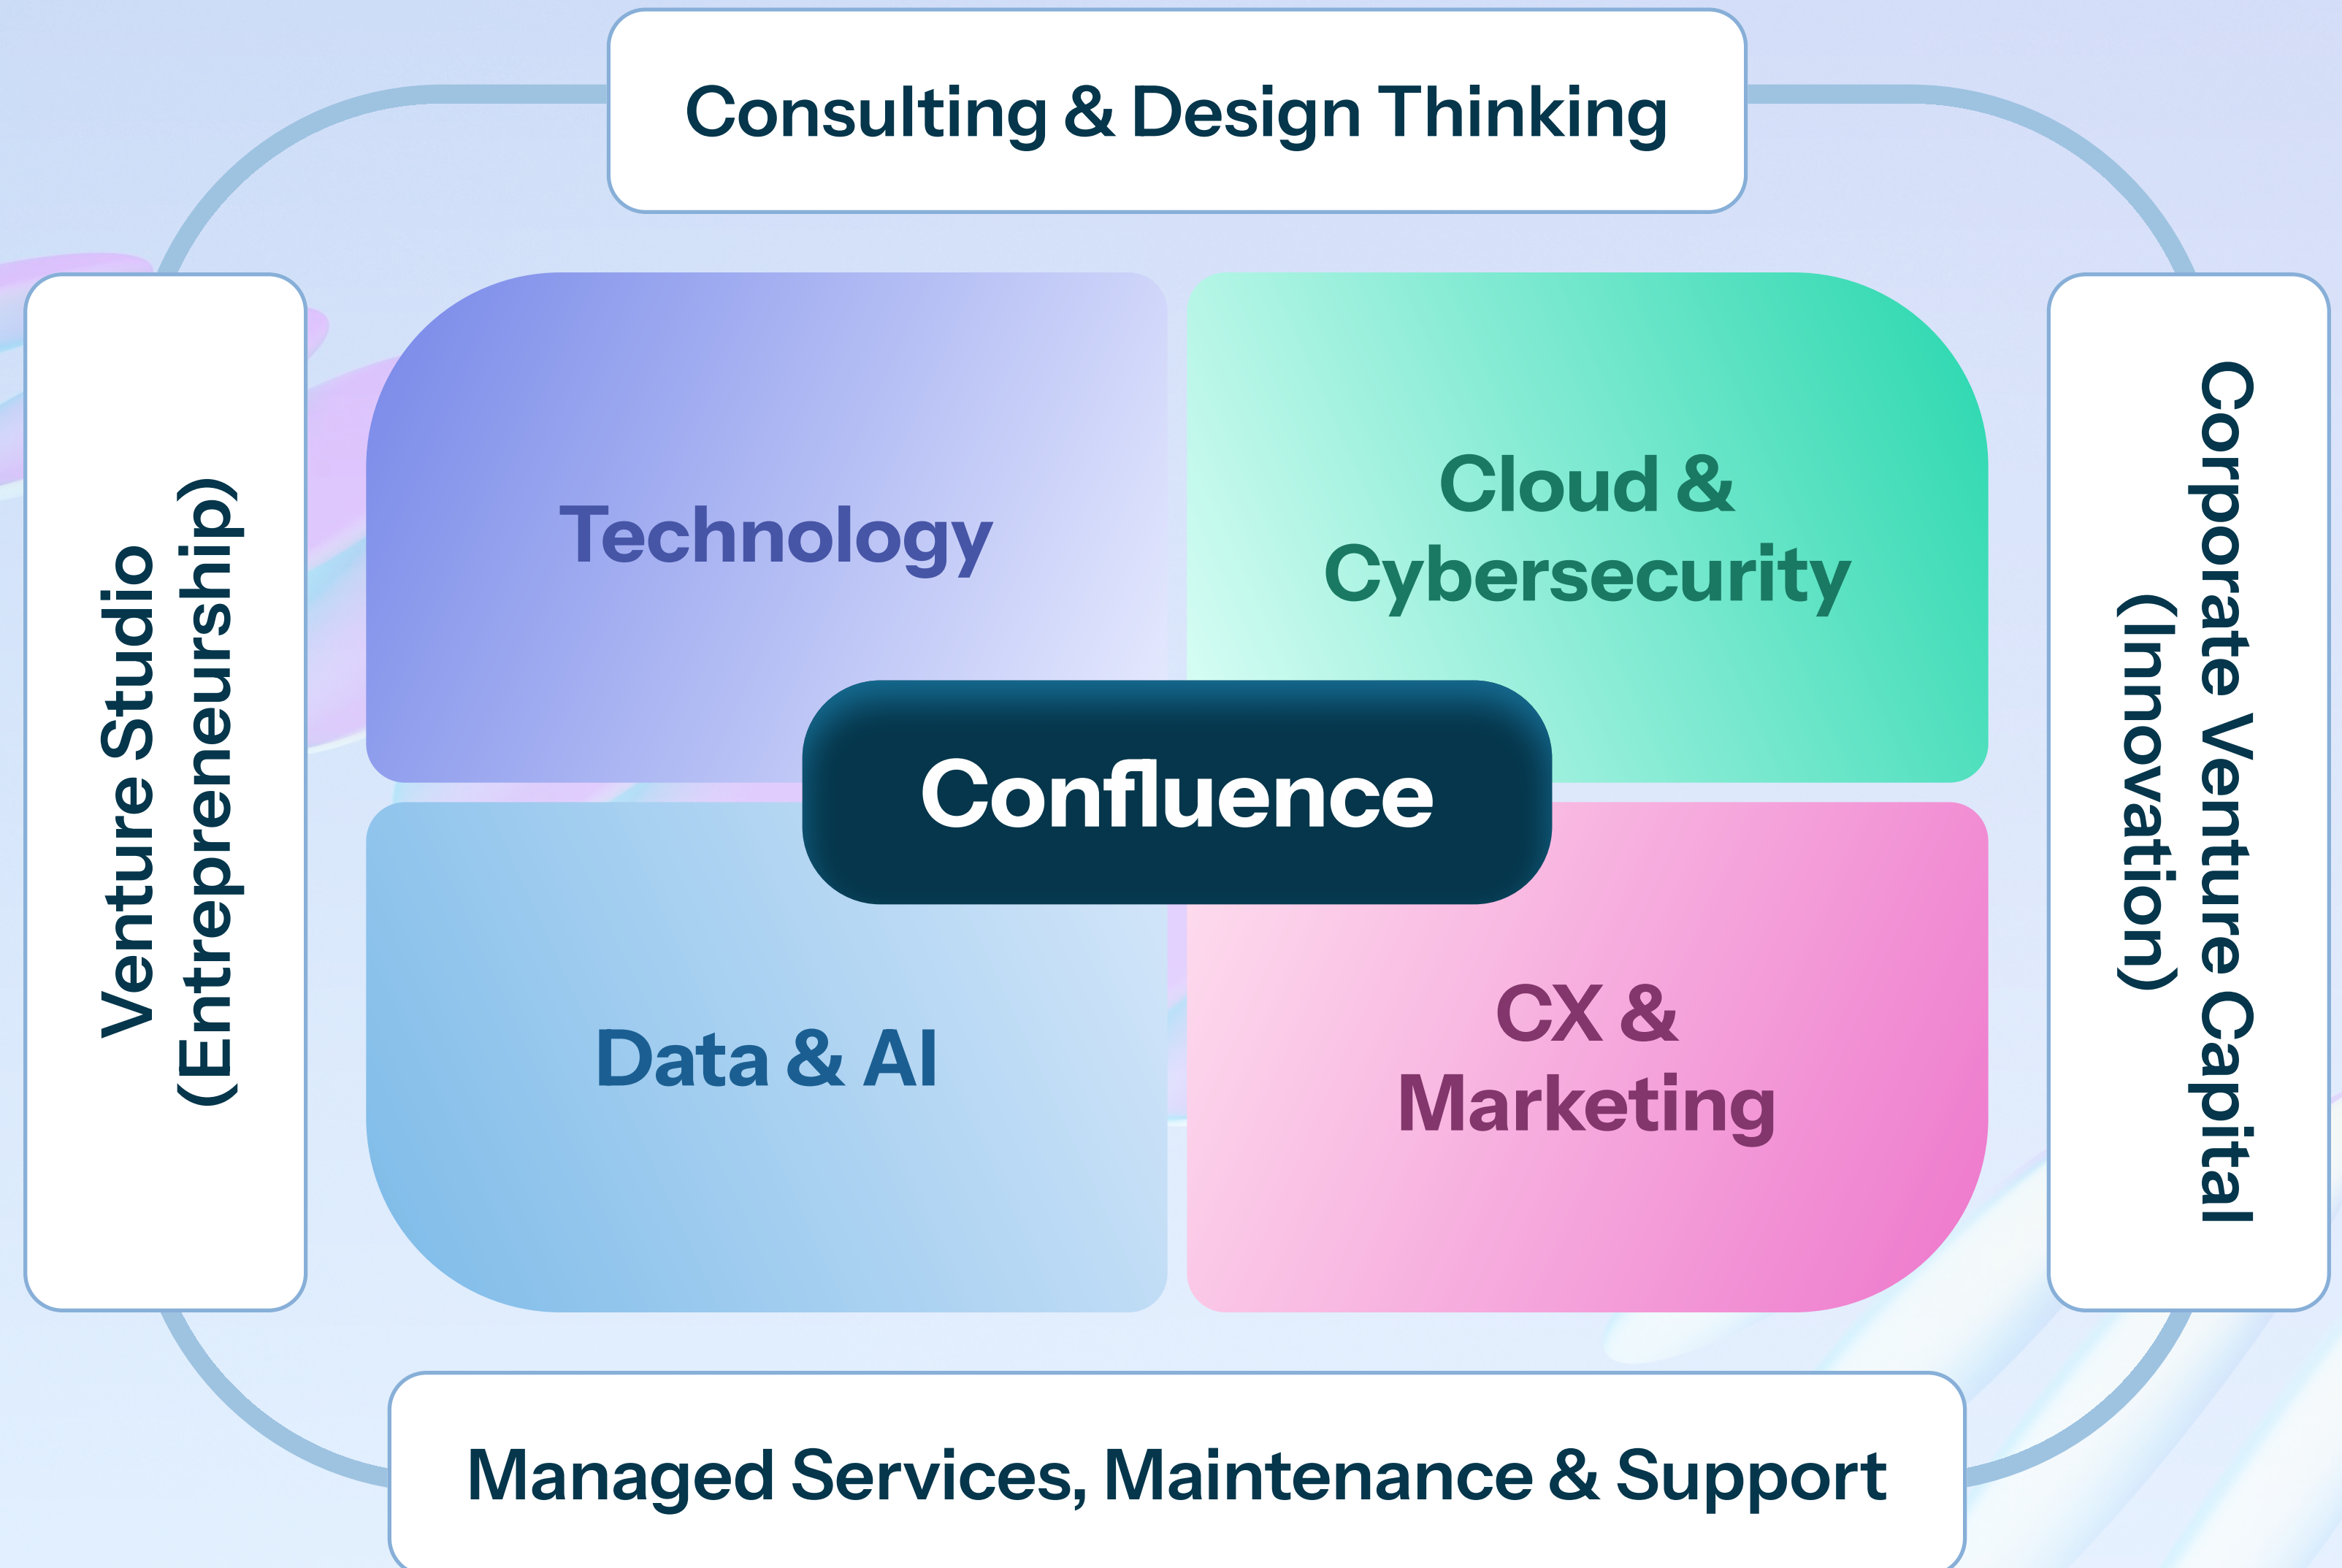

Countries we operate from

We blend delivery with innovation and care.

We seamlessly combine our commitment to timely delivery with cutting-edge innovation and genuine care for our customers, ensuring that every experience is exceptional.

What Drives Us & Grounds Us

Founded in 1997, INT. is an independent, bootstrapped company that has grown steadily - profitably - every year - for twenty-eight years - by putting client success as the north star metrics. We win, when our clients win.

- Integrity, Respect, and Commitment
- We innovate everyday
- We love technology
- We create value

Transparency: Open books. Honest conversations.

Innovation: Every team member is a problem solver.

Partnership: Clients stay with us for years.

Care: We invest in people — clients, employees, communities

Financial Strength: Profitable, CRISIL-rated, debt-free.

The Infinite Game

We think in decades. We are paranoid. We spend days fishing signal from noise to make digital sustainable for our partners

We seamlessly combine our commitment to timely delivery with cutting-edge innovation and genuine care for our customers, ensuring that every experience is exceptional.

- 1997** A young coder starts a company with a modem and a mission: solve real problems with technology.
- 2003** Grows to 50+ people, bootstrapped and profitable.
- 2010** Launches enterprise service delivery arm.
- 2012** Goes global: first UK and US clients onboarded.
- 2015** Launches INT Academy to nurture in-house talent.
- 2019** Recognized as a Top 100 SME by D&B.
- 2020** Expands to data science, cloud, and cybersecurity services.
- 2023** Acquires Prime InfoServe, expands into SOC-as-a-Service.
- 2024** Crosses 1,000 employees, launches GenAI and co-investment verticals.

Digital Marketing

Driving Digital Success Across the Enterprise

Gamified Micro-Learning Platform

1-minute interactive reels, assessments, leaderboards, and advanced analytics to engage, train, and validate enterprise learners.

- Business Impact:**
- 63% learner engagement through gamified micro-content
 - 71% knowledge retention with quiz-based reinforcement
 - Faster training cycles with mobile-first delivery
 - Analytics-driven insights for workforce skill gaps

AI-Powered Field Sales Automation

Transforms on-ground sales operations with geo-intelligence, real-time insights, beat planning, smart collections, and 50+ MIS reports.

- Business Impact:**
- 5× visibility across sales channels and territories
 - 103% improvement in sales team productivity
 - Reduced leakage via real-time geo-validated tracking
 - Faster decisions with actionable MIS dashboards

Driving Digital Success Across the Enterprise

End-to-End Insurance Management Suite

A complete quote-to-claim ecosystem for Insurers, MGAs, Brokers & Partners: underwriting, CRM, policy admin, claims, payments, compliance & reporting.

- Business Impact:**
- Faster quote-to-claim turnaround with automation
 - Consistent underwriting via rule-driven workflows
 - Lower operational cost through process digitization
 - Improved customer satisfaction with quicker servicing

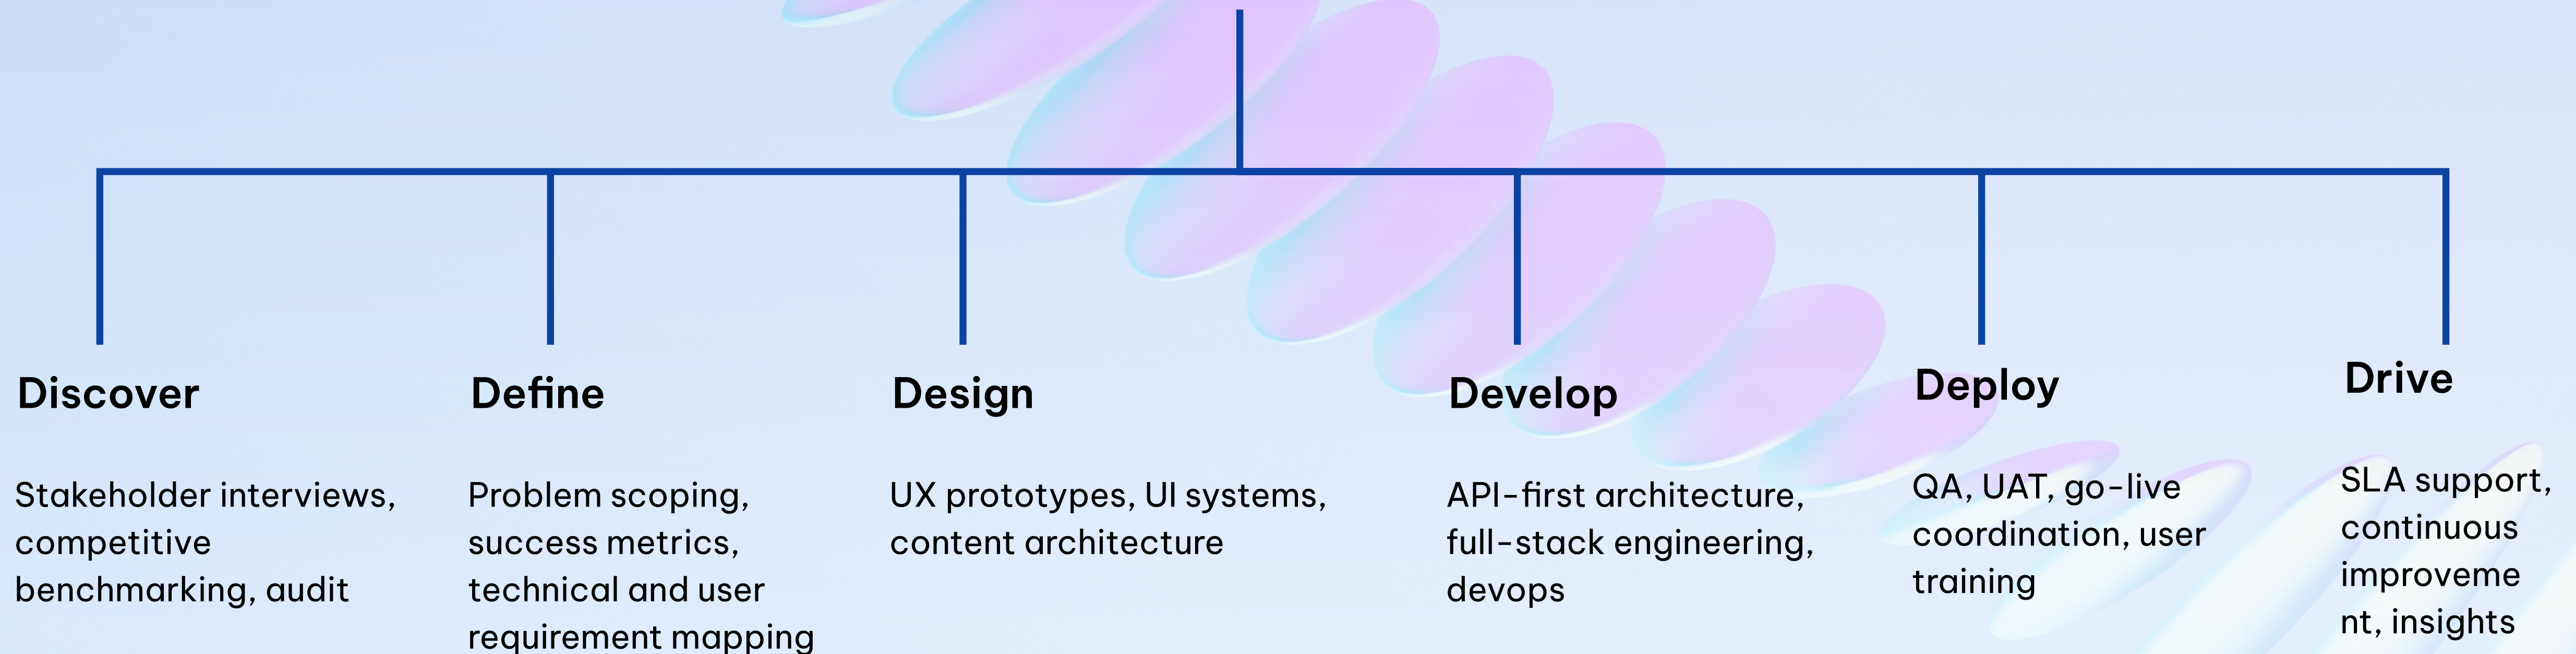

Enterprise-Grade Voice Agent

Human-like, multilingual AI voice agent for customer engagement, compliance calls, onboarding, assessments & surveys with HITL and on-prem readiness.

- Business Impact:**
- 60–80% automated customer conversations
 - Faster outreach with multilingual voice intelligence
 - Lower support costs through AI-driven handling
 - Improved CX via natural, human-like interactions

The INT. 6D Framework: From Idea to Impact

Model	Fixed Bid	Flexi Hiring	Project Pods	Dedicated Teams
Best For	Defined SOC setup	Expanding analyst coverage	Strategic threat initiatives	24/7 Managed SOC + threat ops
Why It Works	Clarity, deliverables, budget control	Scale fast, adapt to workload	Outcome-focused, agile delivery	Embedded model, knowledge retention, full-stack

Why Clients Call Us Their **Internal Digital SWAT Team**

- Flat hierarchy means faster decision making
- Outcome-driven sprints aligned to KPIs
- Integrated teams that bridge design, dev, QA, infra
- DevOps-led automation for faster delivery and rollback

Client Feedback: “They run like our in-house team. That changes everything.”

Faster Starts. Smarter Finishes.

- Pre-built accelerators for BFSI onboarding, HCP workflows, and commerce
- Design libraries, analytics dashboards, CI/CD pipelines

Client Stories

A 28+ year journey of impact, innovation, and integrity

INT.

Quotes

INT. hit a grand slam for us. Your expertise and mastery of data mining and sales performance management MIS report automation proved a boon for us. Your solutions drastically reduced the time required for the generation of the reports with minimal / no manual intervention.

Tapan M Mehta, Institutional Business, Bajaj Life Insurance

”

Quotes

From our point of view, INT. obviously helped us create value. When we started out with a product that barely worked. Now we actually have a mature product used by thousands of users at hundreds of sites.

Malcolm McLean, CTO, Ageas Insurance

”

Quotes

The entire team of INT. has worked very hard to take this project to this stage despite the fact that the team has faced various challenges. The INT. team has stretched multiple times and has done a lot of work with a great attitude, motivation and calmness.

Ankit Gupta, VP Solution Delivery Group, IndusInd Bank

”
